

## Industry - Business Translation Services

<b>Client:</b> Indian Company Secretary Firm
<b>Category:</b> Business Translation Services
<b>Location:</b> India

### Project Overview

A CS (company secretary) firm required certified translations of a company registration documents and auditor reports from Italian to English. These translations were essential for regulatory compliance to register a foreign company in India.

### The Challenge

The documents included business and financial content, such as notarised registry records and auditor reports. Precision was critical since these documents were to be submitted to the Indian government authorities. Any errors or ambiguities could delay or jeopardize the registration process.

### The Outcome

Language Services Bureau delivered accurate translations from Italian to English, ensuring both linguistic and financial accuracy through expert proofing. The translations were certified, stamped, and printed on official letterheads as required for legal acceptance. The documents were successfully accepted by the government offices, leading to the smooth registration and compliance by the foreign company at the Registrar of Companies in India.
