GENERAL PROJECT OVERVIEW

The Mumbai local government required accurate and timely translation of a 200 pager Town Planning Report from Marathi to English before it could be presented for official approval and policy action. The document included both text-heavy content and graphical data representations.

THE CHALLENGE

The translation needed to reflect the formal tone of Marathi government language in a clear and accessible English version. The report also included a mix of editable and non editable image-based content, requiring careful formatting and consistency across various sections. Considering the compliance required, the 200 pages needed to be translated within a tight deadline, and therefore chapter wise delivery was planned.

THE OUTCOME

CLEAR & ACCURATE REPORT TRANSLATION

Delivered an English translation that preserved the original intent, tone, and meaning.

TEXT & VISUAL CONTENT LOCALIZATION

Translated and revised both textual and image-based content with consistency and clarity.

EFFICIENT REVIEW & TURNAROUND

Executed the translation and revision process efficiently to meet project timelines.

ON-TIME STAKEHOLDER ENABLEMENT

Ensured timely delivery, allowing stakeholders to share, review, and act on the report without delay.

ABOUT THE CLIENT

The client is the governing civic body of Mumbai, the capital city of Maharashtra. This is India's richest Municipal Corporation. Its annual budget exceeds that of some of India's smaller states.
